

REMARKS

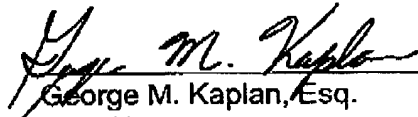

The claims in the application remain 1-16.

Favorable reconsideration of the application as amended is again respectfully requested.

Dependencies of Claims 3 and 4 have been changed with a minor typographical correction being made in claim 4, while definition of the reference numerals and characters shown in the drawings has been inserted into the specification (there is clearly adequate support for these definitions throughout the present application and drawings).

Accordingly, early favorable action is again earnestly solicited.

Respectfully submitted,

George M. Kaplan, Esq.
